**CACTUS PIPE INC., SITE
DUSON, LAFAYETTE PARISH, LOUISIANA 70583**

CERCLIS NO: LA0000605278

DATED: MARCH 24, 2008

INTRODUCTION

The "Administrative Record" is the collection of documents, which form the basis for the U. S. Environmental Protection Agency's (EPA) selection of a response action at a Superfund site. Superfund is the name given to the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) which can be found in Title 42 of the U.S. Code (U.S.C.) at Sections 9601 through 9675. Response actions under Superfund can be either "removal actions" or "remedial actions." This Administrative Record involves a removal action. As EPA decides what to do at the site of a release of hazardous substances, EPA compiles documents concerning the site and EPA's decision into an "Administrative Record File." Documents may be added to the "Administrative Record File" from time to time. Once the EPA Regional Administrator or the Regional Administrator's delegate signs the Action Memorandum memorializing the selection of the removal action, the documents which form the basis for the selection of the removal action are known as the "Administrative Record."

The Administrative Record will be available for public review during normal business hours in an electronic computer imaged format at the Environmental Protection Agency (EPA), Region 6 office which is located at the address given below also at the Office of Management and Finance, Louisiana Department of Environmental Quality (LDEQ), Galvez Building, 602 N. Fifth Street, Baton Rouge, Louisiana 70802 and at the Lafayette Public Library, Duson Branch Library, 708 First Street, Duson, Louisiana 70529. The Administrative Record is treated as a non-circulating reference document. Individuals may review documents contained in the Administrative Record File, according to the procedures at the EPA, Region 6 and LDEQ offices and at the local repository (the library) located near the Site. The Administrative Record will be maintained at the local repository until further notice. EPA may send additional documents to the repository as work progresses at the Site.

EPA may hold formal public comment periods at certain stages of the response process. The public is urged to use the formal public comment periods to submit written comments to EPA regarding the removal at the Site. However, EPA welcomes written comments at any time. Please send all comments to:

Removal Administrative Record Coordinator (6SF-RR)
U.S. Environmental Protection Agency, Region 6
1445 Ross Avenue
Dallas, TX 75202-2733

Except as explained below, this index and the record was compiled in accordance with EPA's Final Guidance on Administrative Records for Selecting CERCLA Response Actions, Office of Solid Waste and Emergency Response (OSWER) Directive Number 9833-3A-1 (December 3, 1990), and in accordance

with Superfund Removal Procedures Public Participation Guidance for On-Scene Coordinators: Community Relations and the Administrative Record, OSWER 9360.3-05 (July 1992), and the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), 40 CFR Part 300.

According to OSWER Directive No. 9833.3A-1, Page 37, each Region should maintain a compendium of guidance documents, which are frequently used in selecting response actions, and the record located at or near the site of response action should contain an index to the compendium of response selection guidance documents. However, the EPA-headquarters generated compendium of guidance documents has not been updated since March 22, 1991 [see CERCLA Administrative Records: First Update of the Compendium of Documents Used for Selecting CERCLA Response Actions (March 1991)]. Moreover, the EPA, Region 6 Superfund Division Director has decided that developing and maintaining a compendium index in Region 6 would require extensive resources which are better utilized elsewhere in the Division. Accordingly, the Division Director has decided not to maintain an indexed compendium of response-selection guidance documents. Instead, consistent with 40 CFR Sections 300.805 (a) (2), 300.810 (a) (2), and OSWER Directive No. 9833.3A-1, Page 37, the Region has listed, in the Administrative Record Index (or in bibliographies of documents listed in the Index), all guidance documents which may form a basis for the selection of this response action. See EPA Guidance Documents, Non-Site Specific, of the Administrative Record Index. Unless the guidance documents indexed were generated specifically for the Site, the guidance documents may not be present in the Administrative Record. However, it should be noted that EPA does maintain an extensive collection of Superfund response action guidance documents available in electronic format on the EPA website at <http://www.epa.gov/superfund/action/index.htm>. Additionally, EPA guidance related to Superfund cleanup enforcement may be found on the website at the following address: <http://www.epa.gov/compliance/resources/policies> then click on "enforcement," then under "topics" click on "cleanup enforcement," then scroll down page and click on "policy and guidance documents," and finally click on "CERCLA 'Superfund.'"

Documents listed as bibliographic sources for other documents in the record might not be listed separately in the Site Index. When a document is listed in the Site Index but not located among the documents that EPA has made available in the repository, EPA will, upon request, include the document in the repository. This applies to verified sampling data, chain of custody forms, and guidance and policy documents. It does not apply to documents in EPA's "Confidential File." Requests for such documents should be addressed to the Removal Administrative Record Coordinator at the address listed above.

COMMONLY USED ACRONYMS

ADEQ	Arkansas Department of Environmental Quality
ATSDR	Agency for Toxic Substances and Disease Registry
CDC	Centers for Disease Control and Prevention
CERCLA	Comprehensive Environmental Response, Compensation, and Liability Act of 1980
EPA	United States Environmental Protection Agency
RPB	Response and Prevention Branch, EPA Region 6
ERRS	Emergency and Rapid Response Services (EPA Contractor)
LDEQ	Louisiana Department of Environmental Quality
NFRAP	No Further Remedial Action Planned
NMED	New Mexico Environmental Department
NPL	National Priorities List
OPA	Oil Pollution Act of 1990
OSC	Federal On-Scene Coordinator
ODEQ	Oklahoma Department of Environmental Quality
OSHA	Occupational Safety and Health Administration
POLREP	Pollution Report
PRP	Potentially Responsive Party
RCRA	Resource Conservation and Recovery Act of 1976
SARA	Superfund Amendment and Reauthorization Act of 1986
START	Superfund Technical Assessment and Response Team (EPA Contractor)
TCEQ	Texas Commission on Environmental Quality

Administrative Record, Removal Action

National Service Center for Environmental Publications (NSCEP)

Clearinghouse for EPA documents which are still in print. Can order up to five

documents at a time for free plus no postage. Search the catalog online at:

<http://www.epa.gov/ncepihom/>

or call: 1-800-490-9198 to order from an operator. (Note: need to have EPA document # or exact title.)

National Technical Information Center (NTIS)

Fee-based archive of government documents, including EPA. Costs vary according to the document. Some are available in microfiche only. This clearinghouse has older documents which are no longer in print at NSCEP. Search the catalog online at:

<http://www.ntis.gov>

or call: Sales Desk - 1-800-553-6847 or (703) 605-6000 8 a.m. - 6 p.m.; EST, Mon-Fri
FAX (703) 605-6900
